An active and engaged alumni network plays an important role in the success of any educational institution. The role of alumni becomes all the more important where we have a vastly heterogeneous and distributed student population, with students of all ages and all walks of life coming together for academic pursuit but having different goals. Our institution continuously strives to improve its systems and process to meet the learner expectations, give them an academically fulfilling experience and prepare them for gainful employment and constructive engagement with the society. Feedback received from the alumni helps in fine-tuning the policies. The IQAC has evolved a formal mechanism to gather feedback on programme from all stakeholders including Alumni.

The parameters include Rating of course completed by alumni with respect to Teaching and learning process, Infrastructure & Lab facilities, Promotion of Extension activities, Promotion of cocurricular activities, Library facility, Teacher - Student relationship, faculty, student teacher relationship, Environment, Overall campus experience.

Importance:

The college views its alumni as a valuable source of information. Alumni feedback offer important perspectives for evaluating academic programs and student services. Alumni feedback occupies a prominent position in the strategic development policies. It also helps to improve the accountability of the system.

Process:

The college organizes alumni meet every year. On this occasion the alumni feedback is collected. The alumni are supplied with a pre-printed MCQ style questionnaire to record their choices. The recorded choices are then processed to obtain the feedback Analysis Report. A five-point Likert scale is designed for the process,
