Note : Captured by GPS Map Camera

20. GREEN INITIATIVES

Responsible measures have been taken in the institution to avoid degradation of natural resources. One such measure is the installation of solar panel. Solar energy forms one of the widely used alternative sources of energy to promote sustainability of environment. The installed solar panel in the institute helps in reducing the reliance on conventional electricity sources. Proper waste management system operates in the campus. The institute strives hard to efficiently use clean, renewable energy and instill eco-friendly values in students and staffs.

1.5 KW x 3 KV solar off grid power system installed at SN College Chathannur.
