ACTION TAKEN REPORT ON GREEN CAMPUS INITIATIVES

Sree Narayana College Chathannur made efforts to create awareness on the need of green environment among the staff and students by organising various programmes under green campus initiatives.

They are

- Frequently Adopting plantation programmes in the campus
- Distributing Plants to students, parents and guests to encourage plantation activity in their regular life.
- Pollution free campus with restricted entry of automobiles.
- Advising and encouraging to use public transport facility to minimise automobile usage as individual basis, so that emissions from automobiles can be reduced.
- Nearby students and staff are advised to use bicycles or E Vehicles to reach the campus for their better health and wealth.
- Outside the campus students parking for vehicles are provided to keep the campus free from air and noise pollution.
- Ban on single use plastic in the campus and instructed to use only biodegradable plastic or eco-friendly pathways are marked in the campus with shade of trees on either side of roads.
- Various awareness programmes are conducted on pollution causes and prevention of pollution for the sustainability humankind.
