What is insurance?

Insurance is a legal contract involving two parties, where one party proposes to the other to indemnify against financial loss arising from an event, which is not in control of either party in consideration of some periodic payments of money.

2) Define Insurance.

Insurance may be defined as, "a contract represented by a policy, in which an individual or entity receives financial protection or reimbursement against losses from an insurance company in exchange of periodic payments.

3) Write a note on the following terms.
1) Insurer – The insurer is the party who agrees to compensate other person against possible losses. The insurer is also known as 'assurer' or 'under writer'.

2) Insured – The insured is the party who gets his life or property insured against risks. The insured or the insured is also termed as a 'policy holder'.

3) Policy – The document which lays down the terms of the contract of insurance is called the policy. It is the proof of the contract.
